Service Engineers

What is the Service Engineers' Section?

The Section is a source of independent and up to date technical information written by people working in the field. Members build up a wealth of practical information in the form of -

- Datasheets – quick reference guides to essential data.
- Technical Bulletins – detailed notes covering topical issues.
- Good Practice Guides – short practical information guides.
- Service Matters News Sheets - brief articles on key techniques and issues
- The magazine 'Refrigeration & Air Conditioning Service Engineer' delivered to their home.
- Extras such as product information from manufacturers, and access to past publications at discounted rates.

Why should I join?

Demonstrate your professionalism and keep up with changes in good practice and legislation by becoming a subscriber. When you join you will receive a new member joining pack with –

- A Cdrom featuring four years worth of the Section technical information
- A wipe clean binder to store the technical bulletins and datasheets
- A membership card and certificate
- Your first quarterly mailing

To register please return the form attached with your fee. Credit card and direct debit facilities are shown on the reverse.

Discounts are available for five or more engineers joining from one company. Contact the Section on 020 8647 7033 for details.
